

The Truffula Trees
were cut down.

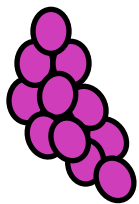

The air was polluted
with smog.

The pond was
polluted with
Gluppity-Glupp and
Schloppity-Schlopp.

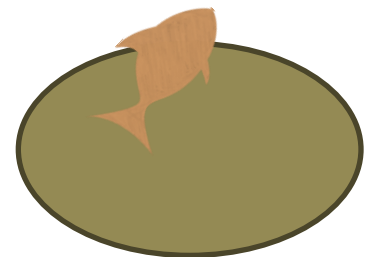

The Brown
Bar-ba-loots had no
food to eat.

The swans could not
sing.

The fish could not
hum.

The Lorax speaks for
the trees.

The Once-ler found
the Truffula Trees.

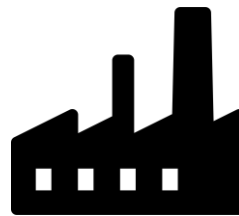

The Once-ler gives
you the last Truffula
Seed.

The trees cannot
speak for
themselves. (They
have no tongues.)

The Once-ler built a
factory to make
Thneeds.

What will you do
with the last Truffula
Seed?
