

# Food Science Experiment

Design a food experiment to find out what foods you or a family member like to eat.

**Question:** \_\_\_\_\_

\_\_\_\_\_

**Hypothesis:** \_\_\_\_\_

\_\_\_\_\_

## Data and Observations:

What does the food taste like? Do you (or your family member) like the food?

Type of Food	Taste Observations	Like the Food?

## Conclusion:

What foods did you (or your family member) like? Which food was your favorite? Which food did you like the least?
